The estimated yield of wheat in  
the State of Ohio is 37,000,000

on the tariff commission.

#### CONGRESSIONAL.

##### SENATE.

WASHINGTON, June 12.—Senator  
Garland, from the judiciary com-  
mittee, reported as a substitute for  
the bill for the relief of A. Sydney  
Cobb and a number of measures on  
the original bill amendments section  
1218 of the Revised Statutes in  
reference to the disqualification of  
persons from appointment to any  
position in the army or the United  
States for other purposes. The  
bill was read at the clerk's desk. It  
amends the section to read: "No  
person who held a commission in the  
Army or Navy at the beginning of  
the late rebellion and resigned his  
place and afterwards served in any  
capacity in the military, naval or  
civil service of the so-called Con-  
federate States or either of the States  
in insurrection during the rebellion,  
shall be appointed to any position in  
the Army of the United States."

Section 2. That section 1750 of  
the Revised Statutes be and the  
same is hereby repealed, and here-  
after the oath be taken by any person  
elected or appointed by any office of  
honor or profit, either in civil, mili-  
tary or naval service, except the  
President of the United States, shall  
be, as prescribed in section 1757 of  
the Revised Statutes, but this repeal  
shall not affect the oath prescribed in  
the existing statutes respecting spe-  
cial or subordinate officers and em-  
ployes.

Section 3. That section 820 of the  
Revised Statutes, imposing certain  
disqualifications upon grand and  
petty jurors of the United States,  
and section 821 of the Revised  
Statutes, prescribing the oath for  
grand and petty jurors in the courts  
of the United States, be and the  
same are hereby repealed.

WASHINGTON, June 12.—On motion  
of Mr. Welborn, of Texas, a bill  
was passed for the erection of a  
public building at Dallas, Texas, at  
a cost not to exceed \$75,000.

Mr. Butterworth, of Ohio, from  
the committee on appropriations,  
reported back the Army appropria-  
tion bill, with Senate amendments,  
recommending concurrence in some  
and non-concurrence in others of  
those amendments. Among the  
amendments in which non-concurrence  
was recommended, is that  
making Army retirement compul-  
sory at the age of 64 instead of 62,  
as provided in the bill as it passed  
the House.

Mr. Reagan, of Texas, moved to  
concur, claiming that it was unjust  
and detrimental to the service to re-  
tire an officer at the age of 62, re-  
gardless of his mental and physical  
condition.

Mr. Butterworth opposed Senate  
amendment. General Sherman had  
served to him, and to others, that  
there was no question as to the prop-  
riety, fitness and necessity of that clause in  
House bill.

Mr. McCook, of New York, de-  
clared that General Sherman had  
never stated that the age of 62 was  
the necessary age, and argued in the  
support of Senate amendment.

Mr. McLean, of Maryland, ad-  
vocated the amendment, maintaining  
that the House provision would put  
upon the retired list men who were  
superior to those upon the active  
list. Such was the case in the navy  
at the present time.

After further debate by Mr.  
McCook, of New York, in favor of  
non-concurrence, and by Messrs. Bar-  
rows, of Michigan, Hobson of New  
Jersey, in opposition thereto, a vote  
was taken and the Senate amend-  
ment agreed to—yeas 101, nays 75.  
Other recommendations of the com-  
mittee on appropriations was agreed  
to without division.

#### The Bank Robbers.

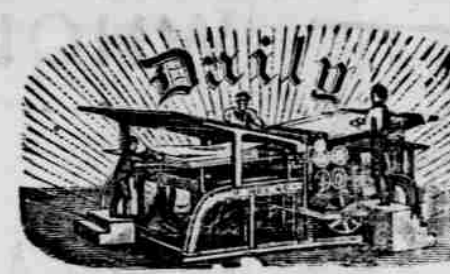

ST. LOUIS, Mo., June 10.—A dis-  
patch from Brookfield says: A spe-  
cial train, with the bank robbers in  
charge of Marshal McArthur and  
fifty men, arrived there at 1:50, a. m.,  
to-day.

The prisoners were identified as  
Frank, Albert and Fred Mason, and  
a new comer. Frank's wife has  
gone under escort, to recover a bag  
of gold coin, about \$1,400. Mrs.  
Mason says she had under her floor.  
All are reticent, and two of them  
and the wife of Frank claim to be  
from Indiana. The prisoners were  
taken to the county seat, court being  
in session, and it is believed they  
will plead guilty.

Iron Workers' Strike Ended.  
CINCINNATI, OHIO, June 10.—This  
forenoon the committee of workmen  
from the iron mill met the proprie-  
tors of the mill and made an agree-  
ment with them to eliminate the  
word "forever" from the contract,  
and to go to work Monday on the  
terms of the compact of last Octo-  
ber. Thus amended, the prices at  
present will be the same as paid  
when they quit work, and will remain  
so until the scale is fixed at Pitts-  
burg, when that will be the Cincin-  
nati scale.

Terrible Act of An Unnatural  
Mother.

She Poisons Her Four Children  
And Then Takes It Herself.

CHICAGO, June 10.—Chas-  
per Seybolt is a baker, who works at night.  
After he had left his home last even-  
ing his wife began preparation for a  
terrible deed. The pair had four  
children, aged respectively twelve,  
seven and two and a half years, and  
a baby four months. She dressed  
the four in fresh white clothes, with  
bright ribbons, then gave them  
strychnine, and as soon as they were  
dead, laid them out carefully, with  
flowers in their hands, and all their  
surroundings made as beautiful  
as possible. Having put on a fresh  
white chemise, decorated with rib-  
bons, she took a dose of poison her-  
self. This was just before her hus-  
band's return at five o'clock this  
morning. When he appeared at the  
door she met him and said: "Come  
and see the children, they are all  
dead and gone to heaven; see how  
pretty they are with nice flowers for  
the angels." One of the children  
was still alive, but has since died.  
Mrs. Seybolt died about 7 o'clock  
this morning. The cause of the  
woman's act is unknown, but it is  
concluded that she was demented.

#### FOREIGN.

LONDON, June 12.—The London  
News' Alexandria dispatch says:  
Rue des Souds, inhabited chiefly by  
Europeans, was completely wrecked.  
The Europeans fired from the win-  
dows, killing many Arabs. The lat-  
ter made a terrible havoc among the  
Europeans in the streets. The British  
consul was dragged from his carriage  
and beaten. Dervish Pacha and  
Araba Pacha have left Cairo for  
Alexandria.

The Times correspondent at  
Alexandria states that the engineer  
of the British man-of-war, Superb,  
was stabbed to death. The captain  
of the British ironclad, Invincible,  
is in charge of the British consulate.

A dispatch from Alexandria to  
Reuters' Telegram Company says:  
The report of the murder of the  
engineer of the British man-of-war  
Superb is not generally credited.  
The patrols on the streets have been  
doubled.

A correspondent of Reuters' Tele-  
gram Company at Cairo telegraphs  
that at the meetings of the military  
leaders it was decided to petition  
the Khedive to abdicate. It was de-  
clared that if he did not he would  
be massacred. It is rumored that  
the cavalry and artillery will not join  
any conspiracy against the Khedive.

Advices from Alexandria late last  
night, state that disturbances com-  
menced simultaneously at three dif-  
ferent points. The object of the  
rioters, in a general measure, appears  
to have been pillage, in which Lev-  
antines as well as Arabs participated.  
A regiment of cavalry and a regi-  
ment of infantry have been ordered  
to reinforce the garrison.

A telegram published in London  
says: An official report of the riot  
in Alexandria gives the number of  
Europeans killed at 67. Arabi  
Pacha and Mahmoud Pacha Sami  
had separate interviews with Der-  
vish Pacha yesterday. The result  
of the interview is not known, but it  
is generally believed that they will  
submit to the diversities of Pasha's  
views.

citement prevails.

Death of a Prominent Minister.  
WASHINGTON, D. C., June 12.—Rev.  
James Craig, L. L. D., died on last  
Friday night, at his home near Lou-  
isville, Ky., in the 76th year of his  
age. Dr. Craig was born at Alexan-  
dria, Va., and entered the ministry  
of the Episcopal Church in 1839. In  
1844 he was called to the rectory of  
Christ's Church, which position he  
occupied for the rest of his life.

CONDENSED TELEGRAMS.

Advices from Victoria, B. C., re-  
port the most disastrous floods ever  
known in that part of the world. All  
the crops on the bottom lands are de-  
stroyed, and the damage is incalcu-  
lable.

Another shipment of Chinese have  
reached that port, and 40,000 of  
them are expected before the first  
of October.

Gus Andrea, proprietor of the  
Ocean View Hotel, Atlantic City, N. J.,  
stabbed his wife and cut his own  
throat. Both expected to die. He  
was made insane by protracted sick-  
ness.

United States Surgeon Woodward,  
one of the attendants on the late  
President Garfield, is dangerously ill  
of brain fever at Nice, with little  
hope of recovery.

R. Porter Lee, president of the

and Herman J. Hall, a speculator,  
absorbed the entire funds of the  
bank, and are held in \$15,000 and  
\$10,000 bail, to await the action of  
the grand jury.

## TENNESSEE GREENBACKERS.

Adopt a Platform and Nominate  
Beasley.

Special Dispatch to the Chronicle.

NASHVILLE, June 12.

nessee State Greenback convention  
in this city to-day. The convention  
adopted a platform to suit J. R.  
Beasley, and nominated him as their  
candidate for Governor.

North Knoxville.

Our Baptist brethren are building a very  
neat chapel on the common between Crozier  
and Broad streets, which will be a great  
convenience to that portion of our increas-  
ing city. Mr. W. P. Tinsley, the architect,  
has this building in charge, with many  
others of a more pretentious character. Mr.  
Tinsley is a thoroughly practical mechanic,  
as well as a very superior draftsman and de-  
signer. He assures us that the Wortham  
Bros., who have the contract for building  
the Second Baptist Church, have erected  
one of the most substantial buildings of its  
kind to be found anywhere, for which they  
deserve much credit. Those who desire a  
new building, or even an addition of any  
kind, will find it profitable to look at the  
plans of Mr. Tinsley, as he can suit any de-  
mand. His plans are ready all the time,  
and makes special ones on short notice.

Died.

At the Girl's Industrial Home, May 28th,  
after an illness of twelve days of intense  
suffering, Louisa Massey, in her eighth year.  
She entered the Home December 17th, 1878;  
was under the fostering care of the Home  
four and a half years, during which time  
she endeavored herself to the whole household  
by her amiable and obedient disposition.

is the first removed by death.

#### Mourning Vein Marble.

These who admire the truly beautiful in  
nature would be well paid for a visit to the  
marble shop of John A. Bean & Bro., south  
Gay street, for the column monument of  
"Mourning Vein" marble, from Vermont,  
is an exquisite blending of the black and  
light grey colors found in new and charm-  
ing designs.

Perhaps few are aware that the elegant  
double monument erected a few days ago  
in the lot of Dr. W. O. Hill was  
done by this same reliable firm.  
It was the selection of Mrs. O. F.  
—wife of Dr. J. W. Hill, who is now in  
Europe.—Hill. The arch, urn and base are  
a perfect Italian marble, while the columns  
are a beautiful pink colored Tennessee mar-  
ble. On the base is engraved the word,  
"Waiting," while the arch displays the sen-  
timent, "A little while."

#### Pleasant Surprise Party.

A nice little party of young ladies  
and gentlemen gave a "surprise party" to  
Miss Susie Hubbard, at her home last Friday  
night. The evening was spent in games,  
music, etc., until about half past ten, when  
the party repaired to Kern's popular Ice  
Cream Hall, where they remained for some  
time, "making away" with some splendid  
cream, after which the merry assembly re-  
luctantly separated. 'Twas an evening that  
will long be remembered by all present.

The party comprised the following young  
ladies: Misses Maggie Carter, Mollie Cor-  
bett, Lillie Lyons, May Bates, Freddie  
Carter, Nettie Thomas, Minnie Eckle, Rena  
Bell and Rosa Ault. And gentlemen:  
Messrs. Frank Kirk, Chas. Bates, Sam.  
Farris, Charles Young, C. Allen, A. B.  
Eaton, Ed. Ingersoll, C. C. Houk, Jr., and  
Mr. Perkins, of Cincinnati.

#### Serious Illness of Dr. W. A. Rodgers.

We regret to learn that Dr. W. A. Rodgers,  
of Gravestone, of the board of pension ex-  
aminers, is quite seriously ill, and in a crit-  
ical condition. He was in the city Wednes-  
day, attending to his duties, and returned  
home well as usual. Thursday while riding  
along to make a professional visit, he was  
taken with something of a fainting  
fit and fell from his horse. Dr.  
Scott met him, about that  
time, and administered to his needs, getting  
him to the nearest house. He was badly  
hurt, having three ribs broken, and remained  
unconscious for some time. When last  
heard from he was getting along tolerably  
well, and it was hoped that he would re-  
cover.

#### ENJOY HEALTH AND BE HAPPY.

For depression of spirits, general debility  
and ill-health, also as a certain strengthener  
of every part of the system, nothing equals  
Brown's Iron Bitters.

#### A Magnificent Soda Fountain.

Last night the CAROLINA force, from the  
"devil" up to the editor, were complimented  
by Messrs. L. E. Barry & Co., the popu-  
lar confectioners, with a grand treat from  
their new and magnificent soda-water foun-  
tain, for which the boys all return thanks.  
Messrs. Barry & Co. have erected one of  
the largest and most beautiful fountains  
ever seen in this city, a full description of  
which would be too lengthy for our space,  
and we can only say to our readers to call  
and see for themselves.

#### The Water Works Question.

A special meeting of the city council was  
called by Mayor R. S. Payne last night, to  
consider the question of water works again.  
The committee presented two bids filed with  
them for the construction of works, but,  
after some discussion, it was deemed advis-  
able, inasmuch as the advertisement of the  
committee originally fixed to-day as the day  
of opening the bids, to postpone the matter  
till to-morrow night, and the meeting ad-  
journed till that time.

## The Gas Committee's Dark Hour.

The gas committee of the city council  
have in force, as is known, a dark hour sys-  
tem, by which they regulate the lighting  
and extinguishing of the public gas lights.  
But it is a fact, perhaps not known by the  
most of people who keep regular hours,  
yet perfectly familiar to newspaper workers  
and others accustomed to being up  
and running around the streets after  
night, that there is very loose manage-  
ment somewhere in that business. It is a notori-  
ous fact, frequently complained of, that  
very often, if not all the time, the gas is  
not lighted until long after dark at night,  
and then it is extinguished and the city left  
in darkness, at a very unreasonable hour in the  
morning, especially for parties who  
have to attend the trains and be about  
the streets at those hours. We have  
heard frequent complaints from parties at-  
tending church on Sunday nights, when  
there is no moonlight and when there is  
total darkness. An instance of the incon-  
venience and even danger of extinguishing  
the lights before the darkness has set in  
the morning, occurred to a CHRONICLE boy,  
who conveys the mails to the train, some  
time since. It was a dark and cloudy night,  
and the city was left in pitch darkness be-  
fore 3 o'clock. He was in a hurry, and ran  
against a corner on Gay street, hurting  
himself badly, and as a consequence  
the mail was missed. Those matters de-  
serve the attention of the chairman of the  
gas committee, who has charge of it. It is  
certainly his duty, and he is to be commended  
for using every effort to protect the city's  
interests in this important matter, but it  
should certainly not be done at the sacrifice  
of the convenience of so many citizens.

## The Starving Thousands.

CHICAGO, June 12.—A special from  
Danville, Va., says: Reports from  
Patrick County are to the effect that  
5,000 persons are starving, the  
drought last year having greatly cur-  
tailed the crops. A load of corn was  
received at the court-house a  
few days ago, and hundreds of starv-  
ing women and children crowded  
around the vehicle, imploring to be  
given a quarter of a peck of corn.  
The court-house is crowded with men,  
women and children begging bread,  
at least 300 of whom have not tasted  
food for two days. Several wagons  
with relief have been sent from Dan-  
ville.

## Base Ball Notes.

A game of base ball was played yesterday  
evening, near the National Cemetery, in  
which the Red Stockings were beat by the  
Young Irish Americans, by a score of 11 to  
10.

Mr. D. R. Thomas left on yesterday's  
train for Dalton, to play with the Cleveland  
Base Ball Club, a match game with the Dal-  
ton club. Mr. Thomas has been in Cleve-  
land practicing with the boys there for a  
week or so.

## Florida Ship Canal.

Judge Jno. H. Fry, of New York, and  
Col. Rolfe S. Saunders, of Nashville,  
stopped off for a few hours yesterday eve-  
ning, at the Hattie House, and left for New  
York last night. They go there to organize  
a company for the construction of the  
Florida Ship Canal, of which enter-  
prise Judge Fry is the promoter. This  
is one of the most important steps in the  
interest of Southern travel and navigation  
ever put on foot. By the construction of a  
canal across the country, only 61 miles in  
length, it will shorten the distance around  
the Florida coast 314 miles, which is the  
roughest and most dangerous point of naviga-  
tion on the entire American coast. It is  
expected to put the project through at once.

## Another Lynching.

ROCK HILL, S. C., June 12.—Yester-  
day morning, Alice McDonald, a white girl  
aged 15 years, while hunt-  
ing for plums with other children,  
was seized and outraged by John  
Johnson, colored, aged 17. Her  
companions fled and gave the alarm.  
Johnson was caught and confessed  
the crime, and was lynched.

## The Kind of Man We Need

We had the pleasure of witnessing, yester-  
day, to the prosperity of Mr. John Crow-  
ley, the short profit furniture dealer, No.  
222 Gay street. His salesroom, just oppo-  
site to Coffin & McKinney, was over-  
crowded with a large volume of new furniture,  
including some beautiful designs in cane seat  
chairs, which are to be sold at prices that  
bid defiance to competition. Crowley's  
Giant Chair is a marvel of strength and  
cheapness. Chamber suits at prices to suit  
the largest or smallest salary. Prices and  
estimates, for any order, furnished on ap-  
plication. Buyers can depend upon Mr.  
Crowley's statements, for he is a practical  
cabinet maker, having served his time in one  
of the largest and best Eastern factories,  
and himself been in charge of manufactur-  
ing establishments for the past ten years.

## Remarkable for overcoming diseases

caused by impure water, decaying vegeta-  
tion, etc., is Brown's Iron Bitters.

## An Honor Well Bestowed.

Chattanooga Times, Sunday. "Prof.  
Frank Goodman, of Goodman's Business  
College, accompanied by his wife arrived in  
the city last night from Cincinnati, where  
he has been attending the Business Educa-  
tors and Penman's Convention of America.  
Prof. Goodman was honored by being elect-  
ed President of this august body, an honor  
which was well bestowed. He has held the  
office for four years, and his re-election  
is a proof of his efficiency. The  
convention will be adjourned to-  
morrow."

## Prof. Goodman arrived yesterday

## A Traveler's Story.

After spending months at watering places  
and consulting the best physicians without  
benefit, I returned home disheartened and  
expected to die. A friend urged a trial of  
Parker's Ginger Tonic. Three bottles  
and careful diet have brought me excellent
